Product Specifications

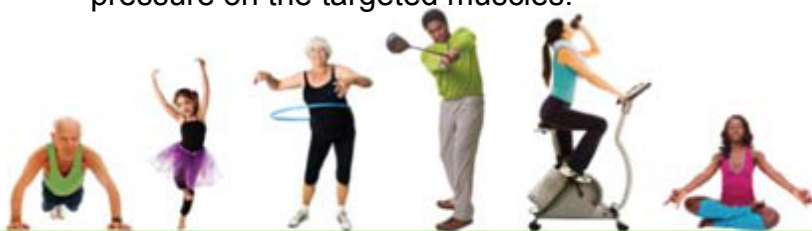

- The unit delivers 3,000 pulses per minute
- Infrared heating
- Two speeds
- Measures 18"x6"x4"
- Weighs 3 1/2 lbs
- Plugs into outlet

The Prospera Penguin Percussion massager is a beautifully designed percussion massager you can use on any part your body for soothing massages that relieve stress and enhance blood circulation. The single-headed Penguin with it's streamlined handle delivers powerful, penetrating massage with heat through multiple muscle layers. The intensity of your massage is adjustable. Deep-tissue massages are achieved by applying slight pressure on the targeted muscles.

About Prospera

Prospera develops high quality, innovative, affordable massage products—from massage chairs to handheld massagers—for active people. Prospera products are available through leading department stores, consumer electronics stores, and major online retailers. Learn more about Prospera at www.prosperacorp.com
