PL017 Neck and Shoulder Massager

Tight neck and shoulder muscles? Prospera's Neck and Shoulder Massager is just for you. Apply it to your neck, shoulders, back, abdomen, or legs for the ultimate power of tapping massage. With nine adjustable intensities and speed and six automated programs, you can customize the tapping massage to your personal needs. The two massage heads work sequentially to loosen tight muscles. The control is conveniently located on the unit; with a mere touch, the massage begins. Prospera's user-friendly Neck and Shoulder Massager delivers instant relief to the areas where you need it most. It's the perfect personal massager for the home and office.
