

SL007 Jade Facial Massager

The Jade Facial Massager has a piece of natural jade as its massage surface. The luxury grade jade is a precious stone with high value and quality. Jade is rich in calcium, magnesium and iron— all essential minerals for human skin and body. Historically, Jade was used in Asia by the elite to tighten their skin, reduce wrinkles, and tone complexion.

Place a few drops of your favorite oil or lotion on your skin and apply the jade massager in upward motion; repeat this motion until skin is evenly moisturized. In just a few minutes, your skin will be glowing! If you're ready to rejuvenate your skin, the Prospera Jade Anti-Wrinkle Facial Massager is exactly the all-natural skin care device you've been looking for.

The massager comes with 7 vibration modes, with a maximum rate of 6500rpm. There is a full spectrum of cleansing options – simply press the bottom button with a cool LED light display. This anti-aging massager is recommended for daily use on the face and neck for optimal results. The facial massager is light, travel size, waterproof, and easy to clean.

Product Specifications
