PL030 Foot Spa Supreme

The Prospera Foot Spa Supreme soaks away your tension with warm water and an invigorating massage. You'll feel energized in no time after a relaxing shiatsu massage from the underwater rollers – they soothe tight muscles in your feet, relieving any stress and improving blood circulation.

There are 20 built-in massaging rollers, and the spa generates effervescent bubbles. A control knob is located on the top cover to select spa settings: bubbles, heat or a red light session to pamper your feet and work on the reflexology of your soles.

This product is ETL certified. It plugs into an AC outlet and also has a handle for easy mobility. Give your feet some TLC with a quality Prospera product!
